Extrusion Lamination

Pouch Production

PilenPak 4

New site for new
investments

- Manufacturing Locations in the same area
- High Production Flexibility between the sites

- Centralized MRP system
- High speed production

Our Capabilities

- Two Different Printing Technologies:
 - Rotogravure Printing (inline coating)
 - Flexo Printing
- In-house Processes:
 - Gravure Cylinder Production
 - Artwork and Pre-press Processes
 - 3-5 Layers PE Film Production/ Co-extrusion-EVOH
 - Dry-Solventless Lamination
 - Extrusion Lamination and Coating
 - Matte varnish, Paper Touch applications
 - Easy open, easy tear, laser cut, coding applications
 - Pouch Production
- In-house laboratory tests
- Warehouses in Europe (UK & Netherlands)
